# *AI. Genomics. Telemedicine.* *The tools of tomorrow are already here.*

The Global Healthcare Innovation Summit brings together clinicians, digital health innovators, health system leaders, and policymakers for a two-day invitation-only forum addressing practical innovation in healthcare delivery. Evidence-based. Practitioner-led. No vendor pitches, no open audience.

Running alongside the Global Environmental Health Summit at the same Lisbon venue — Healthcare Innovation delegates gain combined access to 200+ leaders from across both communities. This is where clinical research meets real-world deployment, and where the evidence base for the next generation of care is shaped.

01

## **Evidence-Led Innovation**

Every session bridges clinical research with practical delivery — from AI diagnostics to genomics and equitable care.

02

## **Curated Meetings**

Pre-scheduled 1:1 meetings with clinical leaders, innovators, and policymakers — every connection is deliberate.

03

## **Co-located in Lisbon**

Same venue as the Environmental Health Summit — combined access to 200+ delegates across two communities.

# Where Clinical Practice Meets *the Future of Healthcare*

A two-day invitation-only forum for the world's most forward-thinking clinicians, digital health innovators, health system leaders, and policymakers. Four dedicated research tracks span AI & machine learning, genomics, equity, and health systems — each bridging peer-reviewed evidence with real-world clinical practice.

## RESEARCH & PROGRAMME TRACKS

### TRACK 01

#### AI & Machine Learning in Healthcare

- Clinical AI & diagnostic algorithms
- Predictive analytics in patient care
- AI in drug discovery & genomics
- Explainability & ethics in medical AI

### TRACK 02

#### Genomics & Precision Medicine

- Whole genome sequencing in clinical practice
- Pharmacogenomics & personalised therapeutics
- CRISPR & gene-editing advances
- Multi-omics integration & data platforms

### TRACK 03

#### Equity & Access in Global Healthcare

- Digital divide & technology access barriers
- Innovations for low-resource settings
- Universal health coverage frameworks
- Health equity measurement & policy

### TRACK 04

#### Healthcare Systems & Policy Innovation

- Value-based care & outcomes measurement
- Digital transformation of health systems
- Interoperability & health data governance
- Financing & sustainability of innovation

# Conference Agenda

## DAY 1 – WED 7 OCT · IN-PERSON

08:45–09:00	<p>OPENING</p> <p>Registration &amp; Welcome Coffee</p>

11:00–11:45	<p>PANEL</p> <p>Robotics, Wearables &amp; 3D Printing: The Physical Frontier</p>
11:45–12:15	<p>PRESENTATIONS</p> <p>Telemedicine, Universal Health Coverage &amp; Digital Equity</p>
12:15–13:00	<p>WORKSHOP</p> <p>Implementing AI in Your Health System: Practical Lessons</p>
14:00–14:45	<p>PANEL</p> <p>Genomics &amp; Personalised Medicine: Lab to Clinical Practice</p>
14:45–15:30	<p>PANEL</p> <p>Digital Mental Health: Innovation, Scale &amp; Limits of Technology</p>
15:50–16:35	<p>PANEL</p> <p>Blockchain, Interoperability &amp; Future of Health Data</p>
16:35–17:10	<p>PANEL</p> <p>From Pilot to Scale: Accelerating Adoption of Proven Innovations</p>
17:40–18:05	<p>CLOSING</p> <p>Awards Ceremony &amp; Closing of Day 1</p>

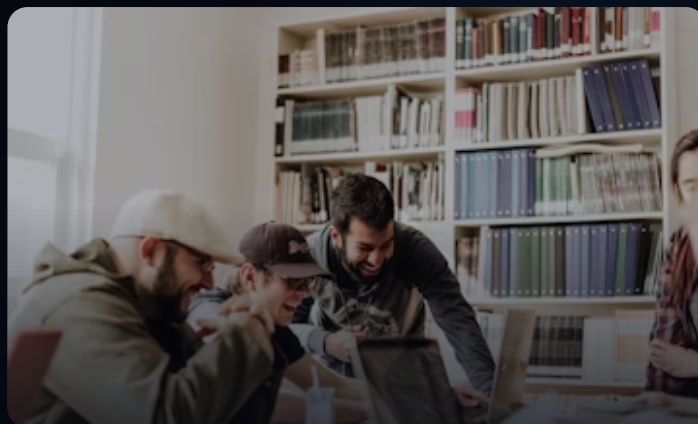

## DAY 2 – THU 8 OCT · VIRTUAL

09:00–09:10	<p>OPENING</p> <p>Virtual Platform Opens &amp; Welcome</p>
09:10–09:45	<p>KEYNOTE</p> <p>Health Systems of the Future: Value-Based Care &amp; Integration</p>
09:45–10:30	<p>PANEL</p> <p>Global Health Innovation Funding: Public, Private &amp; Philanthropic</p>
10:30–11:15	<p>PRESENTATIONS</p> <p>Digital Transformation Case Studies from Global Health Systems</p>
11:30–12:15	<p>PANEL</p> <p>The Workforce of the Future: Preparing Clinicians for a Tech-Enabled Health System</p>
12:15–13:00	<p>WORKSHOP</p> <p>Innovation Showcase: Healthtech Startups in Practice</p>
13:00–13:30	<p>POSTERS</p> <p>Poster Presentations</p>

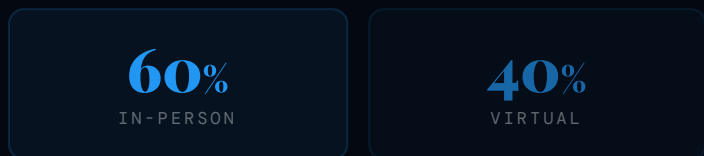

Programme updated on a rolling basis as speakers are confirmed. Topics reflect current themes and are subject to refinement.

# Who Will Be in the Room

BY PROFESSIONAL ROLE

BY ATTENDANCE FORMAT

BY REGION

# Built for Healthcare's *Decision-Makers*

Clinicians & Healthcare Practitioners

Digital Health Innovators

Genomics & Precision Medicine Researchers

Public Health Officials & Policymakers

Hospital Administrators & Health System Leaders

Pharma, Biotech & MedTech Leaders

Researchers & Academicians

NGOs & Community Health Advocates

WAYS TO PARTICIPATE

### Speak

Present research, lead a workshop, or join a panel as an expert voice.

### Attend

In-person or virtual delegate access to all sessions, networking, and B2B meetings.

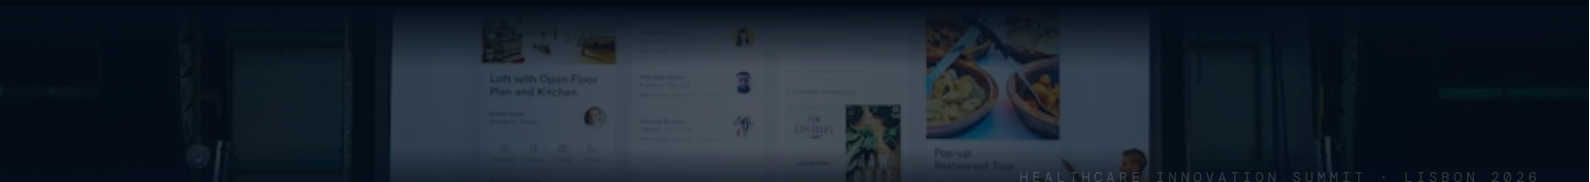

### Sponsor

Brand visibility across 200+ global healthcare leaders through gold/silver/bronze tiers.

### Submit

Submit an abstract, poster, case study, or research paper across 4 innovation tracks.

# Submit Your Research to the Summit

We welcome original research, clinical case studies, and poster submissions across all four innovation tracks. Accepted formats: Oral Presentation · Poster Presentation · Thesis / Research Paper · Case Study · Workshop.
